

Enrique and Letty Rodriguez live in Matamoros Mexico with their 3 children Luis, Damaris and Annia. Enrique has a degree in Engineering, but was called to serve in the mission field since 1996 as a missionary. Enrique and his family were involved in setting up short term mission trips to different countries like Peru, the Dominican Republic, Guatemala and Mexico. Partnering alongside various local pastors on different mission trips, Enrique felt a call to a new assignment. The Lord was calling him to work as a church planter. Being a Missionary Pastor/Church Planter, Enrique and his family have started to plant the first Church. They have the passion and a great vision to see the kingdom of God advance through their ministry. Currently, they are teaching, preaching and serving the community of Martha Rita, where the church plant is located. They expect to raise leaders to help them expand the reach of the gospel with another church plant and are praying and looking for God's direction.

PARTNERING
WITH THOSE
CALLED TO
HELP SPREAD
THE GOSPEL

Helping Ordinary People Partner With God To Accomplish The Extraordinary

All Christians are called to be part of the Great Commission. Some go. Some serve by staying behind. All reap the benefits.

We have seen over 550 missionaries go to the field. Friends and churches who have seen them serve God in their communities and churches or have heard of their vision, join them with one purpose in mind. That purpose is to help spread the message of the Gospel of Jesus Christ into a lost and hurting world. What a wonderful joy to see how God provides!

So what are these missionaries doing through CTEN?

- Teaching
- Bible translating
- Showing God's love to abused kids and women
- Planting Churches
- Providing medical care
- Doing economic development
- Ministering to university students

And this is just a sampling of the work that is ongoing.

How can one mission agency do all this? Most missionaries are not theologians, as many people would think, yet God sees that their skills can be used to serve Him in special ways. Whether they have a doctorates degree or finished high school, each one has determined to obey God's call to serve in full-time missionary service. We partner with them so they can do God's calling.

Where do they go? To Every Nation. In the US and abroad. He sends them where they are needed.

So what does Commission To Every Nation do to help them? It is a cooperative effort of all missionaries serving to further God's work. The missionary needs to focus on fulfilling their ministry so CTEN helps them by communicating with you, the donor, their home church and anyone else needing information about their ministry while they are out of the

country. We also put a very high priority on pastoral care visiting them on an annually.

So where do you come in? We know there are people who want to be involved in missions, yet don't know where or how. While most are not called to go, we all should participate. Missionaries need your partnership in many ways, including financial support, which provides the means for them to minister. Here is a way to consider what you can do. Each one of us has our LIFE to give for God's work.
